Why Yealink- Great Applause From Market

"Yealink's leadership position in the IP and SIP desktop phone market is proven by its effective growth strategy, sustainable above-market growth, price/performance value, excellent customer service experience and strong brand equity.
—by Frost and Sullivan

"All Yealink devices are easy to understand and use, stable and can be fully managed and monitored by the IT."
——by Ullrich, Christian, Teams Leader Collaboration Services of Brose

"In one of the most essential customer satisfaction measurements, called Recommend-To-A-Friend, Yealink beat out every vendor, with 99% of Yealink customers saying they would recommend Yealink to a friend.
——by Eastern Management Group

"The school evaluated various phones and ultimately chose Yealink for its great audio quality and easy-to-use features."
——by Jason Durham, Director Information Tech of Tulsa Tech

"The employees love the new phones, the response has been nothing but positive."
-- Dan Hicks, Johnston County Schools Director of Technology Services

Redefining Next-Gen Personal Collaboration Experience

Yealink T5 Premium Business Phone Series

VP59

T58W Pro

T58W Pro with camera

T58W

T58W with camera

Smart Business Phone
Recommended Users: Senior managers, Executives with video calling needs

T53

T53W

T54W

T57W

Prime Business Phone
Recommended Users: Office workers with heavy to moderate call load
The new T5 business phone series is one of the industry's most advanced IP desk phone portfolios, providing a exceptional communication and collaboration experiences for businesses of all sizes.

Key Features – Distraction Free, Immersive Conversations

Yealink Acoustic Shield technology

- Deliver distraction-free voice clarity with the virtual "shield"
- Intelligently block out background noise
- Especially for busy and noisy workplaces such as call centers and open offices,
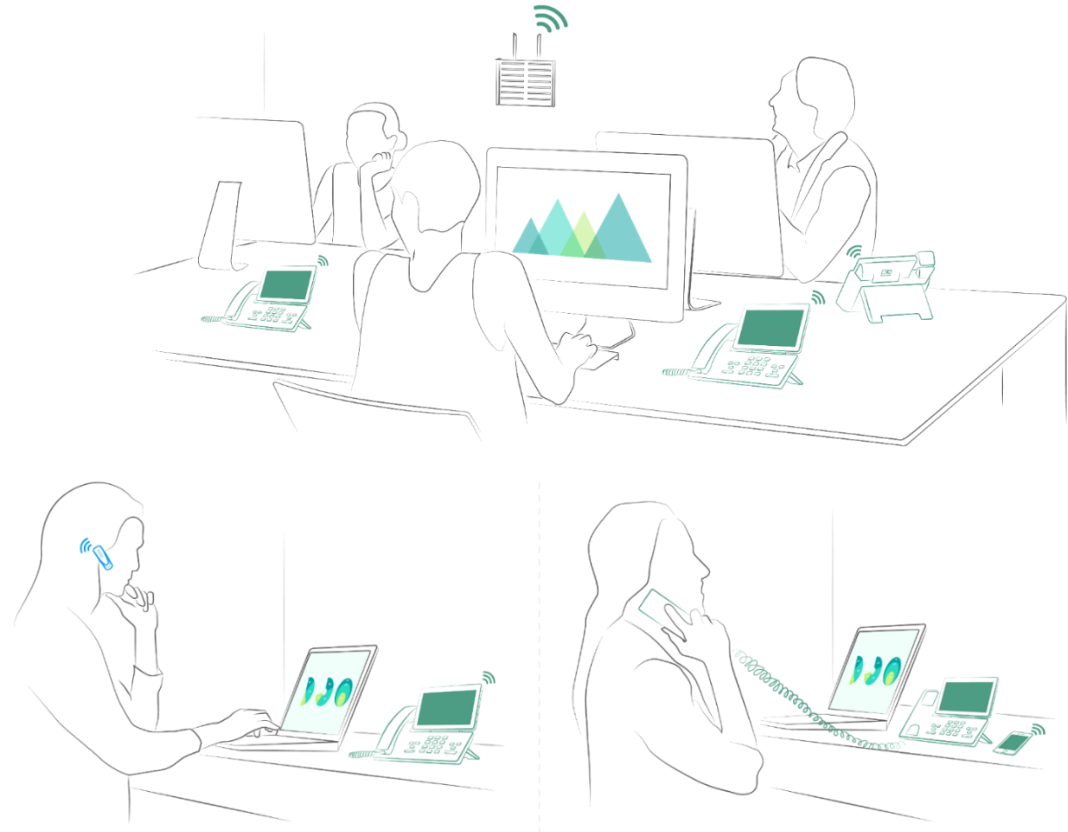

Key Features – Built-in 5G Wi-Fi & Bluetooth

More Applicable Scenarios

- Old building/warehouse, wireless scene

- School/hospital, wall-mounted scene

- home office scene

More Possibilities

- Connect a Bluetooth headset

- Connect to a Bluetooth phone

- While connecting to WIFI, it can also connect to a Bluetooth headset

Key Features – Cutting-Edge Display with Intuitive UI

Adjustable High-Resolution Display

- Adjustable from 40 to 90-degree to meet various lighting conditions and viewing angles

- Bring vivid and clear visual presentation under diverse lighting conditions with flexible viewing angles.
Intuitive UI and Clear Navigation

- The new UI optimizes the user experience with more intuitive and clear navigation for high-efficiency communication.

Key Features – More Possibilities Powered by New High-performance Processor

- Seamlessly compatible with the Yealink DECT Dongle DD10K, connected with up to 4 Yealink DECT handsets.

- Ideal for SMBs as well as home offices, adding significant flexibility and mobility to free the workers from the desk.

Key Features – More Possibilities Powered by New High-performance Processor

Seamlessly compatible with EXP50

Front-end configuration Speed Dial to achieve one-key speed dial
- The boss and secretary can configure the BLF function to monitor the call status of the account, pick up and retrieve calls, etc.
- Desktop office configuration other shortcut functions such as Intercom, Forward, Paging, etc.

When connected to T54W
EXP50 automatically switches to color style

When connected to T53W
EXP50 automatically switches to black and white style

Special Features – Innovative Bluetooth Handset, Free from Cord Constraint

- Adopting the innovative Bluetooth handset BTH58, Yealink T58W Pro with Camera pervades wireless communication by allowing the user to move around freely and conveniently.

- With BTH58, you can leave desk to find documents and get coffee while making phone calls, greatly improving working efficiency and flexibility.

Special Features – Exclusive UC/SIP Hybrid Meeting

- With BT51, Yealink T54W can be connected to a PC via Bluetooth as a USB peripheral device for UC platform calls, such as Team, Zoom, and RingCentral.

- The solution also supports hybrid UC/SIP meetings, enabling seamless internal and external communication, bringing much more convenience.
